

## **Varsity management inspects construction of Kisumu Campus**

Members of the University of Nairobi's Council on November 12, 2016, were at the Kisumu Campus on an inspection mission of the progress of the construction of the Complex.

The construction works of the library, computer lab and the lecture theatres is on course. While giving the progress report, the Vice-Chancellor, Prof. Peter Mbithi, assured the members of council that the Kisumu Campus Complex will be ready for inspection in two weeks time. In his remarks, Prof. Mbithi lauded the all those who have participated in making sure that the construction of complex progress is realized as per the Commission for University Education (CUE) requirements. Further, he gave a vivid explanation of the upcoming complex and the intentions to expand the Campus.
