Quality Policy Statement

The University of Nairobi is committed to quality through teaching, research and creative works; fostering an intellectual culture that bridges theory with practice and producing holistic graduates prepared for a life of purpose, service and leadership. The University is committed to good corporate, excellence and professionalism, freedom of thought in academic inquiry, responsible citizenship, creativity, innovativeness, teamwork and adaptation to change.

In order to realize this commitment, the University management will monitor and review its quality performance from time to time through the implementation of an effective Quality Management System based on ISO 9001:2008 standard

Vision

An efficient Board committed to academic excellence in postgraduate studies.

Mission

A center for excellence in administering, promoting and co-ordinating postgraduate training, scholarship, pursuit of knowledge, research and publication, through linkages with industry and other institutions.

INTRODUCTION

The Board of Postgraduate Studies is responsible for the co-ordination of postgraduate programmes with respect to syllabi, monitoring student progress, admission of students, administration of scholarships, research grants, examinations and the general welfare of postgraduate students.

The University has over 10,000 postgraduate students enrolled in various programmes. The population of postgraduate students continues to increase due to the introduction of relevant and innovative programmes which meet the needs of individual students. Indeed, in line with the University vision, which is *“To be a leading center of excellence in the pursuit, development, dissemination and preservation of knowledge, inspired and guided by African values and committed to the virtues of quality and relevance; and to contribute to the dynamic socio-economic and cultural development of Kenya, Eastern Africa and the world at large”*, the University offers tailor-made programmes that are demand/customer driven, in collaboration with our partners, in order to suit the needs of our society and in a broader context, our world.

As a way of ensuring that the search for knowledge is availed to as many applicants as meet our admission requirements, the mode of study is flexible so that a student can undertake his/her studies on a full-time, part-time basis or by distance learning. The University also conducts lectures at our extra mural centres located in the provincial centres of Garissa, Kakamega, Kisumu, Mombasa, Nakuru, Meru, Nyeri and Kisii.

We are a leading university in Eastern and Central African region and for this reason we attract postgraduate and post-doctoral fellows from over 40 different countries. As our postgraduate students

and lecturers work together as a community of learners, in the advancement of knowledge, our teaching and research programmes bring together a wealth of talent in many different disciplines from different countries. Indeed our Centre for International Programmes and Links (CIPL) maintains over 260 international links, memoranda of understanding and exchange agreements with other leading universities, thus ensuring that our postgraduate students are exposed to innovative areas of research
