• Ladies and Gentlemen
It was not my intention to preach or make a speech today, but I want to take a special moment to thank God for this wonderful occasion.

We are delighted as a university community to come together and appreciate God for the milestones that we have achieved as a University.

We have equally experienced tough challenges that if it were not for God, we could have fallen by the wayside. But God is Great! He is kind and loving.
Every good thing and all the good institutions are ordained by God!

It is in appreciation of this fact that the University Senate and Management made the decision to set an Annual Prayer Service day for the University.

As a University, we shall continue to serve God by offering quality service, promoting the principles diversity and inclusivity, respect for human rights and creating opportunities for all to grow.
May I conclude by thanking all of you for finding time out of your busy schedules to fellowship together and pray for your institution.

Thank you. God bless you.
